

## Work Zone Driving Safety Tips for Motorists:

**Expect the Unexpected** - Speed limits may be reduced, traffic lanes may be changed, and people may be working on or near the road.

**Slow Down** – Speeding is one of the major causes of work zone crashes.

**Don't Tailgate** – Keep a safe following distance between you and the car ahead.

**Keep a Safe Distance from Construction Workers** – and equipment.

**Pay Attention to Posted Signs** – Warning signs are there to help guide you, use them.

**Stay Alert and Avoid Distracted Driving** – Work zones present extra challenges and obstacles. Motorists need to pay attention to the road and their surroundings.

**Plan Your Trip** – Schedule your trip with plenty of extra time. Expect delays and leave early so you are not anxious while driving.

**Be Patient** - Work zone crew members are working to improve the road and make your future drive better.

**Be Aware of Blindspots** – Trucks have large blindspots in front, back and either side. Try to avoid lingering in this space and do not cut in front of a truck.
