BRECKSVILLE HISTORICAL ASSOCIATION

The Association seeks to preserve and promote understanding and study of the history and heritage of the Western Reserve especially as it pertains to the original Brecksville land grant area. BHA maintains the Squire Rich House Museum and adjoining barn and tool shed. The house is presented as a typical farmer's residence of the mid-1800s. The furnishings and artifacts illustrate life in Brecksville from its founding to the present.

The Association supports research and informational use of its archival and photographic collection by individuals and organizations requesting access at its offices located in Building 5 of the Blossom Hill Complex, 4400 Oakes Road, Brecksville, Ohio.
