Re: CUY-77-00.42  
Miller Road/I-77 Interchange  
On-Going Services During Construction

Dear Mayor Hruby,

We are pleased to submit this letter proposal for providing on-going engineering services during construction for the above subject project. The exact services to be provided are not known at this time but typically include task such as responding to contractor's Request for Information (RFI's), review of shop drawings, attending pre-construction meeting, review of Contactor proposed design modifications, etc. Our services will be provided on an as needed basis as directed by the City of Brecksville and the Ohio Department of Transportation (ODOT). Based on ODOT's Volume 1 Consultant Contract Administration Manual, an amount of \$30,000 is suggested for projects with construction costs ranging from \$5 million to \$30 million. The construction cost for the Miller Road Interchange Project is within this range, therefore we are requesting authorization for \$30,000 to provide on-going services during construction.

Please let me know if you have any questions concerning this proposal.

Very Truly Yours,  
**EUTHENICS, INC.**

Alan R. Piatak, P.E.  
President
